Healthcare Benefit
Choices

Dear NWOAHU Members:

NWOAHU is seeking applications for our Ken Hall Scholarship which is available to NWOAHU members who are first time attendees to the NAHU Virtual Capitol Conference on February 24-24, 2021. The scholarship covers registration. Applications are due February 1, 2021. It is our pleasure to offer TWO scholarship winners for the 2021 CapCon.

In recognition of Kenneth Hall, long-time member and activist for the NAHU mission, we believe that once an individual has experienced the annual NAHU Capitol Conference, that individual gains a better understanding of who we are, what we do and why, and most importantly, takes an active interest in activities of NAHU. Ken Hall had a passion for the insurance industry and believed in doing what was right for his customer and the industry he loved. Ken studied his craft and to his dying day he could tell you about the ACA or anything about the financial or life insurance industry. He was as loyal to the insurance industry as he was devoted to his wife and family.

The NAHU Capitol Conference offers exceptional educational sessions and networking with members from around the country.
